Dear Ms. Seymour,

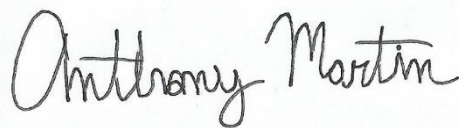

Please accept this letter as my expressed interest in becoming part of the York Care Centre team. Currently, I am a high school student enrolled in grade twelve. I have over a year of experience in the workplace under various conditions. I enjoy working with the elderly. In fact, I have spent the last several years regularly volunteering for a senior citizens club in my community. With a passion for assisting others, I am seeking a position that will always allow me to fulfill this passion whilst contributing to the community and my workplace experience.

My ability to quickly adapt to new environments, grasp new concepts, and communicate thoughts and concerns makes me an asset from the very beginning. I work proficiently under pressure, present quality work, and can handle multiple tasks with minimal supervision. Working with the elderly is personally rewarding because it provides the opportunity to connect with the older generations by providing them with the care they deserve and appreciate. It is our duty to take care of those who have been taking care of us.

I know that the York Care Centre is more than a nursing home. It is a place the people call their home, and for that reason they deserve people dedicated to providing them with the best environment possible. Residents at the York Care Centre deserve the caring and nurturing atmosphere that they and their family want them to have. That is the kind of devotion that I want to offer to the York Care community.

It would be my pleasure to address any questions or concerns that may arise. Feel free to contact me via email ([anthonym1508@outlook.com](mailto:anthonym1508@outlook.com)) or by phone (506-999-0415). Thank you for your consideration and I look forward to hearing from you soon.

Sincerely,
